Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past 2 years, I have supported students in mastering IGCSE Maths and expanding their understanding to A-Level and IB Mathematics. My experience includes working with students to improve their algebra, calculus, and geometry skills, tailoring lessons to suit their specific exam requirements.

In addition to one-on-one tutoring, I have conducted group workshops to prepare students for challenging mathematical problems. My focus has always been to help students not only excel in their exams but also build a solid foundation for further studies. Several of my students have improved their grades significantly under my guidance, gaining confidence in their abilities.
